No excuses for a flat g-string! Introducing iRig Mic Studio, IK Multimedia's ultra-portable large-diaphragm digital condenser microphone for iPhone, iPad, iPod touch, Mac, PC and Android.. It packs a 1" diameter condenser capsule into an ultra-compact enclosure that can be used to make professional-quality recordings anywhere.. Handy for those distorted tones Next to it is the guitarist's best friend: the Tuner.

6 out of 5 stars 15 \$91 19 \$ 91 19 \$129 99 \$129 99 Hello,I recently purchased an iRig Pro Duo in a Deluxe box set that includes an iRig Studio XIR mic.. GarageBand and irig is a total waste of anyone's time Yes, It's completely possible to record professional quality audio on your ipad but the first thing to do is forget about garage band all together and get the right apps and hardware.. Apr 14, 2011 Launch GarageBand for iPad and plug your guitar into the iRig On the left of the screen is a ' 1/4' jack' button which lets you add a noise gate..
